

Evil Is Good

Frankenstein Drag Queens from Planet 13

Well, God gave us a big black eye
and the Devil puts a steak on it
and says its alright
they tell us we must choose a side
well why does the darker one
seem so bright

Well, the world s telling us we re doomed
and they don t approve of pointy hats
and magic with brooms
well, now I ve got a question for you
well, if Gods so fucking perfect
why did he fuck up on you?

They tell us if we pray
that when we die
we will go to a better place
well I don t wanna do
the things I should
cause it feels good to be evil
cause evil is good

Well, you go to church on Sunday
to wash away the shit
you did the past 6 days
now you re on your knees to pray
well we pray your stupid God
will come and take you away

They tell us if we pray
that when we die
we will go to a better place
well I don t wanna do
the things I should
cause it feels good to be evil
cause evil is good

Yeah, evil is good
Yeah, evil is good

Evil, evil, evil
Evil, evil, evil
