

Neon Black

Frankenstein Drag Queens from Planet 13

Voices in your head
wont go away
dont question it
and do what they say
Just take a rope
tie it around their throat
tie it to the bumper of your car
and green light go.

And all this energy
is seeping threw the cracks
all they let us see neon black.

Throw em on a hook
a let em drip dry
Make it last 3 painful weeks
before they die.

And all this energy
is seeping threw the cracks
all they let us see neon black.

And all this energy
is seeping threw the cracks
all they let us see neon black.
