

Smother My Brother

Frankenstein Drag Queens from Planet 13

You stupid dick, you fucking prick
you make me sick, so fucking sick
I ll put a pillow on your face
and smother it, yeah

It would be nice, to end your life
no holiday, get togethers
you smother underneath a pillow
filled with feathers, yeah

In you room I ll creep
as you fucking sleep
I ll take your pillow case
and place it comfortably in your face

I m gonna smother my brother
smother my brother, yeah
smother my brother
smother my brother, yeah

Brotherly love, who gives a fuck
I put a pillow upon your face
and hold it there till you re
blue in the face, yeah

In you room I ll creep
as you fucking sleep
I ll take your pillow case
and place it comfortably in your face

I m gonna smother my brother
smother my brother, yeah
smother my brother
smother my brother, yeah

Do unto others, as they do unto you
my brother fucked me too many times
and now I m gonna fuck him to, alright

Smother my brother
smother my brother, yeah
smother my brother
smother my brother, yeah
I m gonna smother my brother
smother my brother
smother my brother
smother my brother
