

The Last Halloween - The Story of Trick or Treat Pete

Frankenstein Drag Queens from Planet 13

Come on Trick-or-treaters the light is on
I welcome every boy and girl up to my home
'Cause after all it is a Halloween night
I garentee a razor blade in every bite

You bit your nails as you walk up the steps
Behind another one is the lunatic
And what you dont know is that your Goodie-bag
Is gonna soon become your body bag!

Trick or treat, smell my feet oh yeah!
Give us something good to eat!
Say ahhhhh.....

No one trick or treats the last halloween!
No one trick or treats the last halloween!

I'm all dressed up, I've got my costume on
I'm putting needles in the gum and the candy corn
Don't worry boys and girls, its only for one ngiht!
But thats all it takes to end your life!

trick or treat, smell my feet oh yeah!
give us something good to eat!
say ahhhhh.....

No one trick or treats the last halloween!
No one trick or treats the last halloween!
