

# Don't Let Love Pass Me By

Frankie Avalon

Why won't the moon ever shine for me  
Don't know the reason why  
I've been a good guy all of my life  
Don't let love pass me by

Why won't the moon ever smile for me  
It makes me wanna cry  
I've been waiting a long, long time  
Don't let love pass me by

Every night, I pray and pray  
And do what I oughta do  
Hope to find someone to love  
Please make my dream come true

Why won't the moon ever shine for me  
Don't let my dream fade and die  
Just this once, please shine for me  
Don't let love pass me by

I've been a good guy all of my life  
Don't, don't let love pass me by  
Don't let love pass me by
