

Being Alive

Frankie Cosmos

being alive
i see you in everything
my vocabulary's limited
but i wanna tell it all to you
if i could would you want me to?
bein alive
if i become a piece of dirt
for a dollar can i enter your brain?

being alive
matters quite a bit
even when you
feel like shit

being alive
im collapsing inwardly
your name strikes a match in me
after a drum solo i looked up
craig
called out to me after
said
"maybe see you later?"

being alive
matters quite a bit
even when you
feel like shit

BEING ALIVE!!
