

Duet

Frankie Cosmos

you got nice eyes
they're very blue
that is why
i look at you

i look at you
i look at you
i look at you
i look at you

makin a list
of people to kiss
the list is a million YOUS long
just YOUS all the way down

olive oil soft
and laundry warm
i know i like you
but i dont know what for

with my boy ronnie
listening to connie
i couldnt stop if i tried
i will love you til i die

i look at you
i look at you
