

On the Lips

Frankie Cosmos

i watch david blaine
find myself believing
in many things
in anything

where would i kiss ya?
if i could kiss ya?

why would i kiss ya?
if i could kiss ya?

im sorry im hi lets go
sometimes i cry cause i know
i'll never have all the answers
separated by a subway transfer

i watch you disappear
as my train rolls away
i know you could've kissed me
but i'll have to wait

where would i kiss ya?
if i could kiss ya?

why should i kiss ya?
if i could kiss ya?
