

## On the Lips

Frankie Cosmos

i watch david blaine  
find myself believing  
in many things  
in anything

where would i kiss ya?  
if i could kiss ya?

why would i kiss ya?  
if i could kiss ya?

im sorry im hi lets go  
sometimes i cry cause i know  
i'll never have all the answers  
separated by a subway transfer

i watch you disappear  
as my train rolls away  
i know you could've kissed me  
but i'll have to wait

where would i kiss ya?  
if i could kiss ya?

why should i kiss ya?  
if i could kiss ya?
