On the Lips

Frankie Cosmos

i watch david blaine
find myself believing
in many things
in anything

where would i kiss ya? if i could kiss ya?

why would i kiss ya? if i could kiss ya?

im sorry im hi lets go
sometimes i cry cause i know
i'll never have all the answers
separated by a subway transfer

i watch you disappear as my train rolls away i know you could've kissed me but i'll have to wait

where would i kiss ya? if i could kiss ya?

why should i kiss ya? if i could kiss ya?
