

## Sad 2

Frankie Cosmos

he was just a dog  
now his bodies gone  
so what is left but me and my poem?

i am just a normal girl  
but my name is frank  
i just wanna get taken  
on a date

all the crazies on the bus  
love me so much  
i laugh at all the lights  
and feel a little right

what is coffee and what is wine?  
i dont mind if you don't mind

honey you're always so sad  
cats out of the bag  
i'm sad too

dad made the appointment  
to kill my best friend  
there goes my fear of death

i just want my dog back  
is that so much to ask?  
"i wish that  
i could kiss his paws"
