

## The End

Frankie Cosmos

You tried  
Yeah, I know we tried  
But you still made me cry  
You still made me cry

And I tried  
To close my eyes  
But I still saw you cry  
I still saw you cry

I didn't think you had the guts  
Then you really showed up  
But now I'm here in our room  
I'm not waiting for you

Now once again  
I'm really glad you're my friend  
We could do it all again  
It doesn't mean it's the end

And I tried  
Yeah, I know we tried  
But I still made you cry  
I still made you cry

And you tried  
To close your eyes  
But you still saw me cry  
You still saw me cry
