

# Too Dark

Frankie Cosmos

i wish i had some control  
you embarrass me in full  
i feel low low low  
i dont wanna know how flustered you were

i just wanna hear  
you say you were wrong  
how easily i become not real  
like a bug you brush off your ear  
you're just dust, i'm just dust

if your love was strong as my shame  
i'd marry you and take your name  
but it's not, you'll never get it  
so i guess i'll just forget it  
too dark

i stand alone  
lucky and unknown  
do i belong? do i belong do i belong  
no

when i know i'm not the best girl in the room  
i tell myself i'm the best you can do  
do i belong do i belong do i belong  
noooooo

i drink bad coffee  
hope that you'll call me  
never look back never look back never look back  
o

when i am bored i crash up on the shore  
too dark too dark too dark  
oooooo
