

By the River Sainte Marie

Frankie Laine

I left her by the river sainte marie
We pledged our love from to eternity
Now along the pebbled pathway to her door
We kissed and then we kissed again and parted on the shore

The angels wings reached out upon the sea
I saw her kneel and say a prayer for me
When winters gone and spring is on
I will meet her by the river sainte marie hay

musical interlude

Hay I left her by the river sainte marie
We pledged our love from to eternity
Now along the pebbled pathway to her door
We kissed and then we kissed again and parted on the shore
The angels wings reached out upon the sea
I saw her kneel and say a prayer for me
When winters gone and spring is on
I will meet her by the river
We will meet by the river sainte marie
