

Love Is a Golden Ring

Frankie Laine

Your love and mine, dear, It will shine, dear
Just like that golden ring on your finger
Love isn't just for tonight
Or two arms that hold me so tight
Love is a song that two must learn to sing
Love is a golden ring
Love's not a summer romance
Or the kiss that follows the dance
Love is forever a rare and lasting thing
Love is a golden ring
A wedding in the church
The happiness and tears
The little ring you'll wear
Will last through all the years
And in our golden days
We'll find eternal spring
With love and the golden ring
So please won't you wear it for me
With faith and sweet charity
For lonely lovers lost
This message we will bring
Love is a golden ring
Love is a golden ring
Love is a golden ring
Love
