

Life And Breath

Frankie Valli

If you believe in dreams enough
Then they'll believe in you
That's what you used to tell me
So I know it must be true

And day after day
I'm dreaming you'll
Come back to me

You are
Life and breath to me
All of the best of me
Belongs to you

You are
Life and breath to me
All of the rest of me
Depends on you

I'll buy your favorite flowers
From the lady down the street
And hurry to the corner
Where we always used to meet

But night after night
I sit and watch the petals fall

You are
Life and breath to me
All of the best of me
Belongs to you

You are
Life and breath to me
All of the rest of me
Depends on you

They say I
Should be forgetting you (Forget her, just forget her)
But how can I forget
The moon and the stars
All the heavens of blue?
'Cause they're all
Just a part of you

You are
Life and breath to me
All of the best of me
Belongs to you

You are
Life and breath to me
All of the rest of me
Depends on you

If you believe in love enough
Love will never die

That's what you used to tell me
So I know it's not a lie

So, time after time
I'll come here
And I'll wait for you
I guess I'll always wait for you
