Confusion Girl  
Never gives or takes,  
Try's to cover up all of her mistakes  
Wanting to be someone else  
Anything but herself

I know we had our ups and downs,  
At times I would act the a clown  
But I never really knew you,  
I never really had a clue.  
And I would always be that kind of guy,  
Who ran around for you, cause that was fine  
That wasn't enough for you  
I never did the best I could so,

Leaving me behind was your first step,  
Now you try to move on and forget

Confusion Girl  
Never gives or takes,  
Try's to cover up all of her mistakes  
Wanting to be someone else  
Anything but herself  
Cause' you get the blame,  
Your part of her game,  
Get swallowed up its such a shame  
Shame, Shame, Shame, Shaame

You only call me up when your alone,  
Not expecting my engage tone,  
But this is whats ment to be,  
Your falling down away from me,  
And now its time to speak a thousand words  
I told you to walk of,  
But you never really heard  
All the tears you made me cry  
And now its time to say good bye

And

Leaving you behind is my first step,  
And how I try to move on and forget  
Well,

Confusion Girl  
Never gives or takes,  
Try's to cover up all of her mistakes  
Wanting to be someone else  
Anything but herself  
And you get the blame,  
Your part of her game  
Get swallowed up  
Its such a shame  
Shame shame shame

The new confusion girl

You'r under her spell  
And you wont know till' the very end  
This trick was just pretend

Your under her spell

Confusion Girl  
Never gives or takes,  
Try's to cover up all of her mistakes  
Wanting to be someone else  
Anything but herself  
Cause' you get the blame,  
Your part of her game,  
Get swallowed up its such a shame  
Shame, Shame, Shame, Shame, shame
