

Bite Hard

Franz Ferdinand

You don't know
I sing these songs about you
You don't know the Pseudonyms I assume
You don't know the Pseudonyms I assume
For you

Are you happier now
That the Gods are dying
Or do you dream of
Heston with omniscient fear?
You should be happier now,
With noone to pray to
Or would you love to break your knees
From beggin and prayin

Bite Hard well it's a broken smile,
Breaking their hearts
And breaking their minds
Bite Hard, well its a five ol' five,?
Your engine's alive and we ride together
Bite Hard

I may be lonelier now
But I'm happy alone, honest
It ain't lonely alone
What would we talk about anyway

No, I'd never resort
To kissing your photo, honest
I just had to see
How the chemicals taste their honey?

Bite Hard well it's a broken smile,
Breaking their hearts
And breaking their minds
Bite Hard, well it's a five ol' five,?
Your engine's alive and we ride together
We ride together
We die together

(Bite Hard)

Oh I never, I never, no I never,
I just had to, I just had to,
I just had to see that honey?
Bite Hard, well it's a five ol' five,?
Your engine's alive and we ride together
We ride together
We die together
