

Shopping for Blood

Franz Ferdinand

I live in the Merchant City, drive 4x4
I eat MNS it tastes of nothing
Oh I taste of nothing

I am the new Scottish gentry
Anglofied vowels, sub-London thoughts
I am the new Scottish gentry
Anglofied vowels, sub-London thoughts

So I'm shopping, shopping for blood
Oh I'm shopping, shopping for...
So I'm shopping, shopping for blood
Oh I'm shopping, shopping for...

So it's leather for leisure and velcro for sport
It's a first appearance and a new suit for court
It's leather for leisure and velcro for sport
It's a first appearance and a new suit for court

I am the new Scottish gentry
Anglofied vowels, sub-London thoughts
I am the new Scottish gentry
Anglofied vowels, sub-media thoughts

So I'm shopping, shopping for blood
Oh I'm shopping, shopping for...
So I'm shopping, shopping for blood
Oh I'm shopping, shopping for...

So it's leather for leisure and velcro for sport
It's a first appearance and a new suit for court
It's leather for leisure and velcro for sport
It's a first appearance and a new suit for court
