

## Tell Her Tonight

Franz Ferdinand

I only watched her walk, but she saw it  
I only heard her talk, but she saw it  
I only touched her lips but she saw it  
I only kissed her lips, but she saw it  
Gonna have to tell her tonight [4x]  
She only flicked her eyes, but I saw it  
She only swung her hair, but I saw it  
She only shook her hips, but I saw it  
She only licked her lips, but I saw it  
Gonna have to tell her tonight [4x]

Hey, I'll have to tell her, you tell her tonight, yeah  
I'll have to tell her, tell her tonight, yeah  
I'll have to tell her, to tell her tonight, yeah  
I'll have to tell her, to tell her tonight

I only held her hand, but she saw it  
I only watched her walk, but she saw it  
I only touched her neck but she saw it  
I only kissed her lips, but she saw it  
Gonna have to tell her tonight [4x]

Hey, I'll have to tell her, you tell her tonight, yeah  
Hey, I'll have to tell her, you tell her tonight, yeah  
You have to tell her, you tell her tonight, oh yeah
