

# One Last Dance

Freak Kitchen

Come closer  
Don't fear me  
I need you  
To be near me  
Much closer  
So you hear me  
Come closer  
Any chance?  
One last dance

Another precious day  
Another precious hour  
Another shot of morphine  
In a life gone sour

It feels like a cruel joke  
At my expense  
Struggled to come to piece  
But I'm drowning in turbulence

Come closer  
Don't fear me  
I need you  
To be near me  
Much closer  
So you hear me  
Come closer  
Any chance?  
One last dance

It's also trivial  
This whole transfusion thing  
Still I'm checking out  
Positive as a funny ring

Would you do me a favor  
Since I'm running a bit late  
My skin is thick  
Dying is a radical state

Come closer  
Don't fear me  
I need you  
To be near me  
Much closer  
So you hear me  
Come closer  
Any chance?  
One last dance
