

Teargas Jazz

Freak Kitchen

We all come down to the Delhi
To play freaky music
And check out
The vivid scenery

This Danish paper
Printed explosive cartoons
The Muslim world
Took quite seriously

Provocation or
Freedom of speech?
The shit had hit the fan
And there we were

Don't go out there
You're oozing Scandinavian
Always trust the wisdom
Of your local chauffeur

Tandoori stains
And teargas jazz
No, we're not Danes
Teargas jazz

As pragmatic Vikings
We kept a low profile
The mad were wad
As only mad can be

We all come down to the Delhi
To play freaky music
And check out
The vivid scenery

Tandoori stains
And teargas jazz
No, we're not Danes
