

# I Shot Your Dog

Fred Eaglesmith

Hello, neighbour  
I've been meaning to talk to you  
I've been putting it off  
Somethin' I got to do  
I've been living with a secret  
That keep me awake  
There's just somethin'  
I got to say  
I shot your dog  
He was on my property  
Thought he was a coyote on the run  
I've been missing some chickens  
So I pulled the trigger  
I feel so bad 'bout what I'd done  
You don't have to say nothin'  
I could tell how you feel  
I'd feel the same if it was me  
I'm awfully sorry  
If I could make it up to you  
In any old way  
Tell me what to do  
I shot your dog  
He was on my property  
Thought he was a coyote on the run  
I've been missing some chickens  
So I pulled the trigger  
I feel so bad 'bout what I'd done  
Got an old coon hound  
If it'll make you feel better  
She coming in next week  
You get the pick of the litter  
I shot your dog  
He was on my property  
Thought he was a coyote on the run  
I've been missing some chickens  
So I pulled the trigger  
I feel so bad 'bout what I'd done  
I feel so bad 'bout what I'd done
