Yeah, rock solid nigga
Solid as a motherfucking rock bitch
Yeah nigga

When you fall who you gon' land on
Niggas foundation is shaky ain't shit to stand on
A man's born
With the only guarantee to live and die
But will I die before I live fore I begin to fly
Nigga I can't deny
When I'm not high I miss that rush that shit be calling me
Demons never rest I go to sleep them bitches follow me
I just bought a AR for my dog he walked the dog for me
Breakfast sip promethean with Ocean Spray and Broccoli
Catch these hoes and I act like I can't keep these bitches off
Of me
They only fucking a nigga that got the most dollars in his
Squadary
I went to visit my nigga he caught him a charge his cards
Was fraudulent
Time to go get me some yayo
I know that Andrea gon' lease that car for me
That Bentley Benz or Beamer shipping B's I don't be in it
Not to let these bitches see me in it fuck the ceiling
Nigga wanna be me wish he could see the G in him
She work in the morning get that pussy in the PM
I get in it then I jet it, it was a fly by
Red bottoms the thigh high
And every time she see me she's saying I don't know why I
Fuck with niggas like you cause at first you would play the shy guy
Give me that pussy once and I always got it like the wifi, bitch
I went to visit my nigga he caught him a charge his cards
Was fraudulent
Time to go get me some yayo
I know that Andrea gon' lease that car for me
I remember when Dukie lost his arm in fucking armed robbery
When I seen his shit was danglin' almost felt my heart stopping G
Stop it G, Drop it G
So much weed forgot to breathe
Some niggas take the tip I took but they don't get to leave
Came out that bitch speaking Russian, German, Lebanese
Can't let these niggas stunt my growth from living for my seed
Level up I'm on a stage I gotta get paid
I can never be a slave for minimum wage
Cop an ounce up off the way, you fill em with K's
Level up I'm on a stage I gotta get paid
Level up I'm on a stage I gotta get paid
I can never be a slave for minimum wage
Cop an ounce up off the way, you fill em with K's
Level up I'm on a stage I gotta get paid
