Damn, it can't get no worse then this cause I done hit rock bot

I'm a get up on a muthafuckin sack and a big ass bottle to solv  
e all my problems  
I'm goin in circles man, goin in circles man  
Sometimes I feel like feel like I'm goin in circles man  
Damn, if you man put some muthafuckin food on the table  
That's what she said but still a nigga wasn't able to get up so  
me  
Bread for the rent, lights, and cable, the gas and water  
She actin like I'm tryna starve her and I know the baby growin  
And her belly gotta eat too only thing I got left is this gun o  
n my belt  
If I can't feed myself how I'm a feed you how I'm a ride with t  
his tank on empty  
Sellin yola hopin that the jakes don't get me cause when I leav  
e the crib  
Man that thang go with me my nigga from the jets got stained fo  
r a  
50... sack of the hard tryna match you a broad gotem shot up in  
his car  
By a muthafuckin dope fiend a bitch tryna get a fix put my nigg  
a in a ditch  
We been hittin dem licks since we was 14  
Now they say you inna calmer place I could'nttell  
By the looks on yo momma face  
Now everytime she look at me I see a look of disgrace  
She disappointed by the dreams we was lookin to chase

Cause we was cookin the base and we was flippin the spinach  
And if a nigga violated then we handled our business  
We neva knew one day the street shit a catch up with us  
And I don't roll with many niggas you was one of the realest I'  
m like

Damn, it can't get no worse then this cause I done hit rock bot
