

# Thug Till It's Over

Freddie Gibbs

Woody Harrelson in my swisher  
Sending 24 pounds to Virginia  
Nigga hope you be movin' what I send ya  
Tearin' yo area then I'll be right back in ya  
Pop a few small towns, I bust 'em wide open  
Pop with the coppers I'm on the first thing smokin'  
Livin' the drug life, it got me West Coastin'  
Life is a pretty bitch that I fuck with no trojan  
Go in her raw dog, bent back, the crack would pimp that  
Livin' neat, sleep in a dope house on the air mat  
Point blank range, his brains all on my air max  
Weak niggas, I took care of that, I'm aware of that  
Devil just sittin' on my shoulder  
Over the years, sold and grown much colder  
Father be with me, I'm sick of slangin' these boulders  
But I can't stop until I'm the king of these corners  
Thug 'til it's over  
Smokin' with my young mind  
Killin' through the night I hope I live to see the sunshine  
And when you niggas put me in the ground  
Let my headstone read "Fuck one time"  
Smokin' with my young mind  
Killin' through the night I hope I live to see the sunshine  
And when you niggas put me in the ground  
Let my headstone read "Fuck one time"  
And I meant that  
Niggas got me, now I gotta get some get back  
Got me chillin' where your children and your bitch at  
Niggas thinkin' I ain't in the trench cause I spit raps  
I got family members smokin' base in the basement  
Gotta have my jewelry, cause my uncle might take it  
Shoot up the other side, them other fuckers fake it  
Blunt in rotation, I think my nigga just laced it  
Damn I'm straight wasted  
Smokin' with my young mind  
Killin' through the night I hope I live to see the sunshine  
And when you niggas put me in the ground  
Let my headstone read "Fuck one time"  
Smokin' with my young mind  
Killin' through the night I hope I live to see the sunshine  
And when you niggas put me in the ground  
Let my headstone read "Fuck one time"
