

Livin' On Lovin'

Freddie Hart

Livin' on lovin' starvin' to death

Every night I go to bed and dream about you
And I always wake up hungry hearted wanting you
It's got to where it hurts me everytime I take a breath
Livin' on lovin' if you call this livin'
Livin' on lovin' starvin' to death

Livin' on lovin' starvin' to death
You're the one I love I swear there's nobody else
Your reason for leavin' I've been blamin' myself
While I'm livin' on lovin' if you call this livin'
Livin' on lovin' starvin' to death

[guitar]

Livin' on lovin'...

Oh Lord I'm livin' on lovin' if you call this livin'
Livin' on lovin' starvin' to death
