Subalashii asaga akelu Yoakega yobikakelu Kokorono izumiga wakidelu Yumeno yo

I feel the power of a stranger inside me A force of magic surrounds me This fountain within me is overflowing

Peaceful and inviting Beautiful and enticing

Yoake kisetsu yume kibo Umito hikariga yondeilu

Rising sun will bless my morning with a smile
A magic pearl from the seas
Born in a willow breeze
Loyal friend my guardian angel in the sky
You've served me well all these years
Greeting with both hands trusting with no fears
Till the end

Toikuino anatani miselalete Amalinimo utsukushii yumenoyo Itsumademo ii

Aino hikali kiboto yume

When everything is golden and everything is oh Fuji no yuki, Kyoto no ame, Tokyo no yolu And everything is ah

Fire and beauty
My only living treasure on this earth

(kibo hikali yume)

Asaga hohoemikakelu Itsumo kimi dakewa kokolonotomo Toikimino omokage shinonde Amalinimo utsukushii yumenoyo

When everything is golden
And everything and everyone is ah
