

# There Must Be More To Life Than This

Freddie Mercury

There must be more to life than this,  
There must be more to life than this  
How do we cope in a world without love  
Mending all those broken hearts and tending to those crying faces

There must be more to life than living,  
There must be more than meets the eye  
Why should it be just a case of black or white  
There must be more to life than this

Why is this world so full of hate, people dying everywhere  
And we destroy what we create , people fighting for their human rights  
But we just go on saying ces la vie, so this is life.

There must be more to life than killing  
A better way for us to survive  
What good is life, if in the end we all must die  
There must be more to life than this

There must be more to life than this  
There must be more to life than this  
I live in hope for a world filled with love  
Then we can all just live in peace

There must be more to life, much more to life  
here must be more to life, more to life than this
