

# Trap Boy

Fredo Santana

Growin' up, I was just another black boy  
So I grabbed some work  
And hit the trap boy  
I'm a rapper, but don't confuse me with these rap boys  
I be in the trap with them shooters and them rap boys  
I'm a trap boy  
I'm a trap boy  
On the corner gangbangin' with them trap boys  
I'm a trap boy  
I'm a trap boy  
Got the macks and them tecs that make hella' noise  
Got the macks and them tecs that make hella' noise

Got some thots and they bad and they hella' gone  
Off that lean, off that drink, I be hella' floored  
Got some work in my trunk and its hella' strong  
Got some niggas in the burbs that move hella O's  
I'm Fredo bitch I got guap, I got hella' hoes  
Try me, you'll die filled up with hella' holes  
I got shooters on the roof with some telescopes  
Got yo bitch in the back doing a team bitch  
She let the whole squad hit, 300 the team bitch
