

Deep Breath Then Dive

Fredrika Stahl

Some people think I cry because I'm sad
But they're wrong, I'm more than fine
Most people differ the good from bad
Bitter sweet is my constant state of mind

I feel my heart twist and turn
But I feel it beat
I let my skin sting and burn
But I sense the heat
I take a deep breath then dive

Some people think I cry because I'm sad
But they're wrong, I' cry because I can
All I take in is then pouring out my eyes
Concrete tears in uncertain times
Precious pearls for an uncertain man

Go wherever you think you'll shine
Go ahead, go away, leave me and my mood behind
Was your hands, wash your face and heart
Go away, wash me away, clean all up for a new start

I feel my heart twist and turn
But I feel it beat
I let my skin sting and burn
But I sense the heat
All in a playful strife
I take a deep breath then dive

Go wherever you think you'll shine
Go ahead, go away, leave me and my mood behind
Was your hands, wash your face and heart
Go away, wash me away, clean all up for a new start
I'm always on the run and I hate copy paste for god's sake
I feel my heart twist and turn
But I feel it beat
I let my skin sting and burn
But I sense the heat
All in a playful strife
I take a deep breath then dive

Some people think I cry because I'm sad
But they're wrong, I'm more than fine
Bitter sweet is my constant state of mind
