

Fling On Boy

Fredrika Stahl

I know that you've avoided me a while
I know there's something hiding in your smile
But I don't mind, I don't mind, I don't mind

I know your mind is set on someone else
The way you talk and the way you kiss tells
But I don't mind, I don't mind, I'll be fine
I don't mind, I don't mind

But I beg and I plead don't fail me please
I beg and I plead love me don't leave
I'm asking you whatever you do
Don't waste our chance away
Dream on, boy, but swear you'll stay

I know your scent but lately it has changed
You look thinner and your hair is rearranged
But I don't mind, I don't mind, I don't mind

I see you laugh just like we did before
And hear your soft, sweet whispers through the door
But I don't mind, I don't mind, I'll be fine
I don't mind, I don't mind

But I beg and I plead don't fail me please
I beg and I plead love me don't leave
I'm asking you whatever you do
Don't waste our chance away
Fling on, boy, but swear you'll stay

But I beg and I plead don't fail me please
I beg and I plead love me don't leave
I'm asking you whatever you do
Don't waste our chance away
Fling on, boy, but swear you'll stay

But I beg and I plead don't fail me please
I beg and I plead love me don't leave
I'm asking you whatever you do
Don't waste our chance away
Fling on, boy, but swear you'll stay
Don't waste our chance away
Fling on, boy, but swear you'll stay
