

# Oh Sunny Sunny Day

Fredrika Stahl

Oh sunny sunny day  
I've never felt this way  
My heart so light  
The sight so bright  
Oh honey honey say?  
Did you make me this way?  
Made me take life with ease  
So darling won't you...

Spin the bottle, kiss and tell  
Whisper wishes down the well  
hide and seek, Simon say?  
...Do you wanna play?

Sunny sunny day,  
You make my heart sway  
You make me sing  
With all light you bring  
Oh darling darling love  
You're a gift from above  
Now quit your foolish game of tease  
And honey won't you please...

Spin the bottle, kiss and tell  
Whisper wishes down the well  
Hide and seek, Simon say?  
...Do you wanna play?

Don't let the sun go down on this day  
Can't it stay for ever this way?  
But before our joy will cease  
Oh honey, honey won't you please...

Spin the bottle, kiss and tell  
Whisper wishes down the well  
Hide and seek, Simon say?  
...Do you wanna play?"
