Magic Ship

Over there is my magic ship Would you care to go on a trip We'll be sailing on and on To a land where few have gone Beyond the skies in my mind

Sweet bells ring and ring and ring you harmonies Rolling out like the waves on the sea Sweet bells ring and ring and ring your harmonies Rolling out to those who can see

Let's away to a distant night Let's away on a magic flight We'll be sailing on and on To a land where few have gone Beyond the skies in my mind

Sweet bells ring and ring and ring you harmonies Rolling out like the waves on the sea Sweet bells ring and ring and ring your harmonies Calling out to those who can hear

Oh who can see Because were sailing

Sweet bells ring and ring and ring you harmonies Rolling out like the waves on the sea Sweet bells ring and ring and ring and ring your harmonies Rolling out to those who can hear

Oh can you see Inside Don't be afraid, Step aboard Oh, oh, oh, oh, All right here we go
