

Muddy Water

Free

1. I was born on the muddy water
I didn't know right from wrong
My Ma said now look here son
I'll show you how it's done

2. Take you a woman
And treat her right
And she'll be my your side
Every night and day
But the first time you deceive her
You've broken her spell

CHORUS:

But then I had bad blood
Like a fool I fell where I stood
I was walking in the rain
With my shoes untied
tryin' to find a dry place to hide
to hide hide

Well I'd rather sleep than say a word
I don't believe a word is heard
The first time I deceived you
I held it inside
