

111 - The Number Of The Angels

Freedom Call

One hundred ten and one beyond
The spirit of angels
Anytime (anytime), anywhere (anywhere)
And across the universe

Don't stop what you're ever believing
Hold on for a safer heart
Ride on to the place where the angels fly
Carry on, carry on, carry on
It's real or just an illusion
Dream on, live your fantasies
Find out the place where the dragons lie
Carry on, carry on, carry on

One hundred ten and one beyond
The spirit of angels
Anytime (anytime), anywhere (anywhere)
And across the universe
A million ways to walk alone
Through the holy Garden of Eden
Anytime (anytime), anywhere (anywhere)
Follow us across the universe

Don't look back and wonder
The magic spell of light
Let's cross the ocean of victory
Carry on, carry on, carry on

One hundred ten and one beyond
The spirit of angels
Anytime (anytime), anywhere (anywhere)
And across the universe
A million ways to walk alone
Through the holy Garden of Eden
Anytime (anytime), anywhere (anywhere)
Follow us across the universe

Across the universe

I'm the eyes of the world
On the stairway to Fairyland
Cross the bridges of Eden
Across the universe
Take the stairs to the sky
Anytime and anywhere else
Believe in the time, believe in the sign
Carry on, carry on, carry on (carry on)

One hundred ten and one beyond
The spirit of angels
Anytime (anytime), anywhere (anywhere)
And across the universe
A million ways to walk alone
Through the holy Garden of Eden
Anytime (anytime), anywhere (anywhere)
Follow us across the universe
Across the universe
