

The Eternal Flame

Freedom Call

On the road to victory
Is it real or fantasy
I hear the call of fame
It's for all the world to see
When I go down in history

A flame for our freedom
Enlightens the sky
The sign of the rings never dies

The eternal flame
Come to the hall of fame
The eternal flame
Strong as the call of fame
The eternal flame

On the stairs up to the sky
I smell the wine of paradise
I hear the call of fame
It's the price for all my tears
For all the pain and all my fears

A flame for our freedom
Enlightens the sky
The sign of the rings never dies

The eternal flame
Come to the hall of fame
The eternal flame
Strong as the call of fame
The eternal flame

Flame of destiny, sign of liberty
Forever, forever - shine
Forever, forever - shine
