

Lonely Penny

Freedy Johnston

Hey Penny what's goin' on
Sittin' here on your own
Are you waiting for someone?
Penny, lonely Penny
Hey Penny who left you here
Did they hold you so near
And then disappear
Penny, lonely Penny

You're such a pretty thing
And I'm a stranger who stopped in the street
Cause I could see
It was arranged in the stars we should meet

Hey Penny are we the same
Are we both just waiting to be taken away
Penny, lonely Penny
Hey Penny here is my hand
Cause I know that together we'll understand
Penny, lonely Penny

You're a wandering thing
And I am lost in the middle of town
Can't you see
It was arranged that we'd meet here just now

Penny, lonely Penny
Penny, lonely Penny
Penny, lonely Penny
Penny, lonely Penny
