

Boys on Film

Freezepop

I have a certain friend
A chic photographer
She's a bad influence
And made me pose for her
boys on film- a bright smile
Boys on film- a coy pout
Boys on film- eyeliner
Boys on film- you're all decked out
she plied us with red wine
Dressed us in sailor suits
I had to give in
I knew we looked so cute
boys on film- so saucy
Boys on film- in tight pants
Boys on film- a sly wink
Boys on film- so take a chance
photos- up on the internet
Photos- and now I can't forget
Photos- blame it on violet
Photos- but you have no regrets
incriminating photos of you
It's not the kind of thing that you often do
Sometimes you gotta get it off your chest
The camera has a way of bringing out your best
boys on film - I love you all
Boys on film - up on my wall
Boys on film - you're my sweethearts
Boys on film - a work of art
Boys on film - you love to tease
Boys on film - oh would you please
Boys on film - so devilish
Boys on film - give me a kiss
not just a pretty face
So call up all your friends
You know next time around
I'll be behind the lens
boys on film- fancy clothes
Boys on film- oh-so-chic
Boys on film- strike a pose
Boys on film- you're fantastique
incriminating photos of you
It's not the kind of thing that you often do
Sometimes you gotta get it off your chest
The camera has a way of bringing out your best
boys on film - I love you all
Boys on film - up on my wall
Boys on film - you're my sweethearts
Boys on film - a work of art
Boys on film - you love to tease
Boys on film - oh would you please
Boys on film - so devilish
Boys on film - give me a kiss
Boys on film- in fancy clothes
Boys on film- you strike a pose
Boys on film- you're oh-so-chic
Boys on film- see'est fantastique
Boys on film - you love to tease

Boys on film - oh would you please
Boys on film - so devilish
Boys on film - give me a kiss
