

## Boys on Film

Freezepop

I have a certain friend  
A chic photographer  
She's a bad influence  
And made me pose for her  
boys on film- a bright smile  
Boys on film- a coy pout  
Boys on film- eyeliner  
Boys on film- you're all decked out  
she plied us with red wine  
Dressed us in sailor suits  
I had to give in  
I knew we looked so cute  
boys on film- so saucy  
Boys on film- in tight pants  
Boys on film- a sly wink  
Boys on film- so take a chance  
photos- up on the internet  
Photos- and now I can't forget  
Photos- blame it on violet  
Photos- but you have no regrets  
incriminating photos of you  
It's not the kind of thing that you often do  
Sometimes you gotta get it off your chest  
The camera has a way of bringing out your best  
boys on film - I love you all  
Boys on film - up on my wall  
Boys on film - you're my sweethearts  
Boys on film - a work of art  
Boys on film - you love to tease  
Boys on film - oh would you please  
Boys on film - so devilish  
Boys on film - give me a kiss  
not just a pretty face  
So call up all your friends  
You know next time around  
I'll be behind the lens  
boys on film- fancy clothes  
Boys on film- oh-so-chic  
Boys on film- strike a pose  
Boys on film- you're fantastique  
incriminating photos of you  
It's not the kind of thing that you often do  
Sometimes you gotta get it off your chest  
The camera has a way of bringing out your best
