

# Hot Air Balloons

Freezpop

We're underneath the rising sun  
we open arms to everyone  
the sky is ours, we must prepare  
hot air balloons are everywhere

We know our goal, we must ascend  
so come and join us, now my friend  
the sky is filled, we must prepare  
hot air balloons are everywhere

Do not be scared, do not be scared, do not be scared

Adventure in a far-off place  
the morning comes, it's time to race  
the sky is ours, we must prepare  
hot air balloons are everywhere

All up and down, incessantly  
we're numbering infinity  
the sky is filled, we must prepare  
hot air balloons are everywhere

Do not be scared, do not be scared, do not be scared  
(okay, be scared)
