

Hypothetically

Freezepop

Hey sweetheart, it seems I might've messed up
Not certain, but maybe I should fess up
Was it wrong, I can't entirely say
Depends on if you really see it that way

Tell me, baby, how mad would you be
I mean maybe, hypothetically
Would you, could you ever forgive me
I'm just speaking hypothetically

Hey honey, I might've done a bad thing
But ask me, and I'll admit to nothing
Don't worry, please don't look at me that way
Just listen, I'll explain the whole thing away

Tell me, baby, how mad would you be
I mean maybe, hypothetically
Would you, could you ever forgive me
I'm just speaking hypothetically

(Tell me, baby, how mad would you be?
I mean maybe, hypothetically? [Hypothetically?]
Would you, could you ever forgive me?
I'm just speaking hypothetically...)

Tell me, baby, how mad would you be
I mean maybe, hypothetically
Would you, could you ever forgive me
I'm just speaking hypothetically
Hypothetically
Hypothetically (hypothetically)
Hypothetically
