

# Comme Ci Comme Ca

French Affair

Oh la la  
comme si, comme si, comme ca  
One day I feel it's love  
next day it's not enough  
it goes

Un, deux, trois  
comme si, comme si, comme ca  
One day I feel so high  
next day I wanna cry singing

Oh la la, la la la la la la  
Je suis fort de toi  
Please don't break my heart

Sometimes when you're away  
All my life turns grey  
I think of you all day  
Wish you come back and stay

Sometimes when you're with me  
It is real love I see  
Or do you play with me?  
I need to know what you feel

I need to know what you feel  
I need to know what you feel

But then I look in your eyes  
And then oh baby you smile  
I can't resist you and you turn me upside down  
And when I feel your sweet kiss  
Oh I know that's what I miss  
I get so high, oh I know I never wanna come down

Oh la la  
comme si, comme si, comme ca  
One day I feel it's love  
next day it's not enough  
it goes

Un, deux, trois  
comme si, comme si, comme ca  
One day I feel so high  
next day I wanna cry singing

Oh la la, la la la la la la  
Je suis fort de toi  
Please don't break my heart

Sometimes when love comes seen  
It takes you for a spin  
But when it drifts away  
You cry all night all day

Sometimes it's yeah yeah yeah  
Sometimes it's no no no

That's just the way love goes  
I need to know what you feel

I need to know what you feel  
I need to know what you feel

But then I look in your eyes  
And then oh baby you smile  
I can't resist you and you turn me upside down  
And when I feel your sweet kiss  
Oh I know that's what I miss  
I get so high, oh
