

Testimony

Frente!

Take me some where sunny
If you have a testimony
Ba da da da da

They give you easy blindness like a moneylender
And you may need bright lights for surgery
Ah-ahh, ah-ahh, tell me

I have a knife and time enough for everything
Yesterday covers your head
With that anesthetic dread

Beautiful, beautiful
Are you dangerous, dangerous
Think I'm gonna die of lust
Think I'm gonna die of lust

Bite the dust I will, I will
And I can't count past wonderful to tomorrow
Tell me if I die and never know

Beautiful, beautiful
Are you dangerous, dangerous
Think I'm gonna die of lust

Bite the dust do, do I will, I will
When every thing's gone
I will be your champion
Breathless and perilous and full of you, yes
