

Gold

Frida Gold

Schön dass du bei mir bist
oh ich hab´ dich vermisst
versprich dass du nie wieder gehst

weil wir schon lange verbunden sind
schon immer für einander bestimmt
spürst du wie´s langsam beginnt?

oh i'm proud of you, yeah i'm proud of you
du hast mich doch schon längst in dir erkannt
ich bin purpur, du bist diamant

gold
always believe in your soul
you've got the power to know
you're indestructible
always believe in, you are
gold
glad that you're bound to return
something that i could have learned
you're indestructible, always believe in

laß uns ein´ moment ewig sein,
verbrüdert lassen wir uns drauf ein
together we are partners in crime

schick all deine sehnsucht vor
ich bin gegen- und du bist mein pol
remember to trust in your soul

schenk etwas zuversicht weil da was größer ist
du hast mich doch schon längst in dir erkannt
du bist purpur, ich bin diamant

gold
always believe in your soul
you've got the power to know
you're indestructible
always believe in, you are
gold
glad that you're bound to return
something that i could have learned
you're indestructible, always believe in

gold
always believe in your soul
you've got the power to know
you're indestructible
always believe in, you are
gold
now that you're bound to return
something i could have learned
you're indestructible, always believe in, always believe in

you got the power to know
you got the power to know
you got the power to know

cause

you are gold

you are gold

you are gold

you are gold

you are gold

you are gold

you are gold

you are gold
