

## Acts of Man

Frightened Rabbit

I am that dickhead in the kitchen  
Giving wine to your best girl's glass  
I am the amateur pornographer  
Unpleasant publisher by hand

Not here, not here, heroic acts of man  
Not here, not here, heroic acts of man

I see the stumbling pinstriped trouser  
Flecks of sick on an office shoe  
Part of the fatty British average  
Who lives in the houses around you

Not here, not here, heroic acts of man  
Not here, not here, heroic acts of man

Let's all crowd 'round the cowering body  
Throw stocky fingers, bricks and stones  
Let's promise every girl we marry  
We'll always love them when we probably won't

While the knight in shitty armour  
Rips the drunk out of her dress  
One man tears into another  
Hides a coward's heart in a lion's chest

Man, he breeds although he shouldn't  
He's breeding just because he comes  
Acts the father for a minute  
Till the worst instincts return

Not here, not here, heroic acts of man  
Not here, not here, heroic acts of man

I have never wanted more, to be your man  
And build a house around you  
I am just like all the rest of them  
Sorry, selfish, trying to improve

I'm here, I'm here, not heroic but I try  
I'm here, I'm here, not heroic but I try
