

# Yes, I Would

## Frightened Rabbit

My cry for a fistful of sand  
Breathe silence

Hold me, you're folding, I can't see land  
The world just blinks

Lead me, I'm stupid from a lesson learned

You've learned nothing

You told me to get lost to find myself

And first it bleeds then it stops  
I feel like I've been filling up

Ooh change if you can't be bound  
Oh o-oh  
Ooh o-o-ooh, yes I would

Believe me now  
Yes I would  
And I can't sink now  
Ooh o-o-ooh, yes I would

Well what if I am never thrown that bone  
And what if this tear in my side just pours, and pours, and pours

I wonder if you've noticed that I'm not around

The loss of a lonely man never makes much of a sound

And first it bleeds then it stops  
I feel like I've been filling up

Ooh change if you can't be bound  
Oh o-oh  
Ooh o-o-ooh, yes I would

Believe me now  
Yes I would  
And I can't sink now  
Ooh o-o-ooh, yes I would

Believe me now  
Yes I would  
And I can't sink now  
Ooh o-o-ooh, yes I would

Believe me no-o-ow  
Yes I would  
And I can't sink now  
Ooh o-o-ooh, yes I would

Believe me now  
Yes I would  
I just can't sink now Ooh o-o-ooh, yes I would
