

# Where Do We Belong? Anywhere But Here

frnkiero and the collaboration

Someone I love threw me away [x3]  
But I don't mind, no I don't mind at all

Some things change but they don't get better  
I'm so sick and so tired of trying to tell them that  
I'll never do it, no I'll never make it alone  
But pay no mind, it fades in time  
Don't we all?

Someone I love threw me away [x3]  
But I don't mind, no I don't mind at all

You said people can change when they lose their hearts  
It could be gone forever but sometimes they find it in hell,  
Or a part of heaven,  
So is this hell or are we even?  
Well I've got time,  
I've got time to burn

Why do we run away from ourselves?  
Faking this calm has taken its toll  
To look in those eyes  
But I'm having fun pretending I belong  
Convincing myself that I never got scarred  
So no one thinks, so no one knows  
That someone I love threw me away  
Someone I love threw me away  
Someone I love ripped through me  
But I don't mind, I'll be fine  
I don't mind, we'll get by somehow
