

Erase

From Zero

You seem to think that times have changed
It's all around beside me what you cry
Endless ever waiting
Like the time I felt so jaded
Don't you ever try?
So where's your alibi
It feels like someone
Killed my soul and told me what to say
Now I am old and faded
I'm super jaded
I spend my time alone
Give me back my life
Erase me
Spend my time
Don't spend my time, yeah
And now you consequently think about
The fate you made
It's what you pride
And the thought of losing face
Is just too great for you to be the one
Who's left behind?
You're on the Other Side
I'm standing beside myself
I feel like sleeping
Erasing me was
I feel like flying
Erasing me was
But I never do what I say I will
It feels like someone killed me
So before you take this step
Why don't you put yourself inside me?
He can never be just like me
And I know, and you know
But he takes my place
