Make your first impression brace yourself it's who you are
Try to find yourself it takes some time don't be alarmed
A million questions fill your mind you feel unsatisfied
But don't sit down it's time to figure out the reasons why that I

Can't seem to find my way back home but I'm trying
This time I think I've gone too far
But I'm trying this time is this really what you want to be
This time I'm trying

Paint a picture of a place
that's deep inside your mind
Look for answers to the questions
and the reasons why
I'm feeling happy and unsatisfied
at the same time
So light a cigarette and take a drink
and you'll be fine but I

Can't seem to find my way back home but I'm trying
This time I think I've gone too far
But I'm trying this time is this really what you want to be
This time I'm trying, this time

This time I think I've gone too far
And what have you got for me this time
Are you leaving me out to dry
And where have you gone, my so-called life?
'Cause I can't find you anywhere

This time I must make some decisions This time make or break Let lose this dead weight No room for mistake you feel me
